

## **A Message from the Editor**

It is a great pleasure for me to afford the Editor-in-chief duty for your journal *The International Arab Journal of Information Technology (IAJIT)* and introduce Volume 18, Number 1 of a reputed, referred, indexed and illustrious journal "IAJIT"

IAJIT is a specialized, refereed, and indexed journal that is published in English at the rate of six issues per year. IAJIT is the official journal of the Colleges of Computing and Information Society (CCIS), stemming from the Association of Arab Universities and published by Zarqa University, Jordan.

The goal of IAJIT staff is to provide its reader with a new, well-constructed, informative, and educational journal and to keep and get more indexing to IAJIT. We are working hard to enhance the quality of papers, reduce the turnaround time for manuscripts, provide fair reviews and smoothen the editorial management process.

The IAJIT journal strongly encourages and invites the authors to submit original articles, which will help to achieve our goal of obtaining higher Global Impact Factor for the journal to maintain its relevance in a highly competitive field.

Special thanks go to my associate editor Prof. Thiab Taha and to the entire editorial board and reviewers for all their support. My warm welcome to the new members of the Editorial Board of the journal. Together we would work towards making the journal a truly influential publication.

Dr. Mohammad Hassan  
Editor-in-Chief
